

OsmoSGSN - Feature #1586

Implement QoS profile support

02/23/2016 03:45 PM - laforge

Status: New	Start date: 02/23/2016
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	
Target version:	
Spec Reference:	
Description	
This would mean that we select the following parameters based on the QoS of the subscriber data:	
<ul style="list-style-type: none">• maximum total bandwidth• buffer sizes• LLC acknowledged/unacknowledged
