Target version:	
Spec Reference:	
Description libosmocore counters defined in include/osmocom/core/counter.h provide only subset of functionality available in include/osmocom/core/rate_ctr.h namely "rate_ctr.abs". Before deprecating it, we should make sure there're no users left inside Osmocom projects. The deprecation patch is available in https://gerrit.osmocom.org/#/c/5015/
