

Cellular Network Infrastructure - Bug #3753

Update .deb to use dh_missing

01/09/2019 01:36 PM - msuraev

Status: New	Start date: 01/09/2019
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	
Target version:	
Spec Reference:	
Description	
While building .deb for libosmocore following warning was observed:	
<pre>sed -i "/dependency_libs/ s/'.*'/'/'" `find . -name '*.la'` dh_install dh_install: Please use dh_missing --list-missing/--fail-missing instead dh_install: This feature will be removed in compat 12.</pre>	
We should follow this recommendation and update our packaging before compat 12 becomes mainstream. We should also check other Osmocom .deb packages because they might have similar issues.

We should also check if Debian carry any patches fixing the issue already - see related ticket.
