

OsmoTRX - Bug #3516

osmo-trx-lms: Fix memory leaks reported by LeakSanitizer after stopping the process.

09/03/2018 05:20 PM - pespin

Status:	New	Start date:	09/03/2018
Priority:	Normal	Due date:	
Assignee:	pespin	% Done:	0%
Category:	LimeSDR		
Target version:			
Spec Reference:			
Description			
Scenario: build and run osmo-trx-lms from master with AddressSanitizer enabled, set up the GSM network, register a phone and place a call. Press CTRL+C on osmo-trx-lms, it will stop after a few seconds of shutdown process. Then Leak report will show a huge list of memory leaks.
